FEET; ON or OFF

SBMJ INSTRUCTIONS;

SB500MJ have the ability to be changed from meter to feet.

Language setting

You can select Japanese or English for a language to be displayed on the LCD screen.

- 1.Select "LANGUAGE" in the Menu screen.
- 2.Select your desired language with the Jog Power Lever.
- 3.Press **OK** (**MEMO** **BUTTON**). If the screen returns to the "Water Depth screen", then the setting is completed.

Unit setting

You can select "m" (meter) or "ft" (feet) for a unit to be used for the length.
*Note that the unit is represented in "m" (in meters) only when entering a value in "Main line input" even if "ft" (in feet) has been set for the unit.
